1. LETTER FROM MARGARET

THE MAGIC AND MIRACLES OF THE GOLDEN AGE

The Bryan de Flores program on Transformation again reminded us of the incredible times we are living in and of the amazing opportunities accessible to all of us once we move out of the Matrix. A favorite part of the presentation was opening us up to the availability of our Fifth Dimensional Bank Account.

We each have a bank account on the Fifth dimension that we can tap into at any time. To do this, bypass the calculating mind of supply on hand and remove the thought that we need a certain amount of money to purchase what we desire. Raising our frequency to that of the Christ Consciousness accesses the Account. To move into this consciousness, become one in creation and give thanks for the power and substance right at hand to fill every want. The Christ Consciousness knows no limitation. Our supply is right at hand in Universal Substance where all supply exists. So go into co-creation, picture what you want, and purchase from your never-ending supply of your Fifth Dimensional Bank Account.
Happy Shopping!!!

TRANSPERANCE HEALING

The highlight of the week was Alexis Cartwright. Alexis is a healer from Australia. Her power and use of energy healing was the most profound technique that I have experienced up until this point. Her Technique is called Transference Healing. It allows magical powers and formations of energies to come through from way beyond what we can consciously comprehend at this point in time. This technique expands our consciousness to become more connected to our higher self as you integrate a higher frequency. This technique was channeled from God and she was shown how to transfer this healing energy into other healers.

I have seen many miracles in our work but learning this technique is our next step. It will move us into instant healing. The reason this technique is so wonderful for us is that in order to heal instantly your subconscious must understand the patterning of healing. The EIP and Advanced DNA techniques have opened up this channel in all of us. Alexis has taught all over the world and she has never found a group that is as advanced as ours in our subconscious programming and DNA patterning. It has been your dedication to self-healing that has brought you to this point to be open and ready for her miracle work. Alexis' teachings will not work until you have reached this point. She has waited all her life to find a group of healers such as she found in us. You will also be given the gift of a pure channel of the Christ Consciousness. I have not felt such a shift in my body and being since my DNA activation.

I have invited Alexis to teach her work here in Sandpoint Idaho and she has agreed to return from Australia for a four-day workshop June 14-17. This is the opportunity of a lifetime for you. With this you will be given these healing techniques along with 77 homeopathic healing vibrations and a beautiful manual. The four-day intensive is \$1,000. The class will be on a first-come basis and she is asking for a \$150 deposit. Sign up as soon as you can. See item 13 following, Workshops and Talks.

Alexis has a book called "Doorways", plus 3 remedies called Crystal Cross, Star of David and Cosmic Shield of Connection and Protection to start you on this path. They will be available for purchase from us.

Love, Margaret

Susie Kamp attended the Level 1 EIP course in June of 2000 and the Level 2 DNA course in November of 2000. Susie is an inspiration to all of us here at Possibilities, because she not only healed herself of several crippling dis-eases that forced her into a wheelchair, but she now is in our Teachers Apprenticeship Program and has already taught her first class in Minneapolis! Her energy is unbounding and her heart is so generous, that she has volunteered to assist anyone who has graduated from the school. She shares her valuable information in this issue

2. HOW TO GET YOUR NEW BUSINESS OFF THE GROUND
by Susie Kamp

I have the luxury of conducting business in a very large city but there are a few tricks to the trade which can generate business no matter where you live.

- *1. Create and send out the vibration of "success and abundance"

In my own struggles to generate business, I was concerned about the number of the people I was getting who had no money to pay for my services (I charge \$100/hr). Margaret reminded me of the #1, most important aspect of our success: the vibration. "Of course," I said. So I sat down, went to theta, and commanded the vibration of success and abundance. Two days later the phone began ringing off the hook. I also bless all of my mailings and ads with the same vibration before I send them. It works!

*2. Enthusiasm -- lots of enthusiasm

I infuse myself with a great deal of enthusiasm with every encounter I have on the telephone or in person. I let it overflow in my vibration, voice and demeanor. And it's catching! The feedback I get from people is that they become caught up in the enthusiasm. I have noticed an enormous difference in business between those times when I am simply friendly and when I'm enthusiastic. So when I don't naturally feel enthusiastic I make a conscious effort to create it.

*3. Direct mail postcards - brown ink on french vanilla cardstock

My first experience with advertising healing work via direct mail was through Possibilities. We are conducting a class here and I mailed out postcards that Vera created. While direct mail does not elicit a high percentage response, it doesn't take many responses to recoup your investment and more.

I finally made up my own postcards (printing a template of 4 cards on one 8-1/2 x 11 sheet). In one month I've had a 3-1/3 return on my investment. I found a private printing company to be less expensive than Office Max or Kinko's (600 cards for \$39.50). Postage is 20 cents per card. Research shows that people are most likely to read cards printed with brown ink on french vanilla colored cardstock.

Potential clients: massage therapists, myotherapists, physical therapists, holistic healers, nutritionists, health food stores, and alternative health. Many of my clients are working in these fields. They are willing to pay for healings for themselves, family members, as well as to obtain information about how our modality works. And through them I have received numerous referrals.

*4. DNA

Nearly everyone who has called me is most interested in learning about or experiencing DNA activation -- from the newly graduated young massage therapist to the 74-year-old woman in St. Paul who saw an ad in the Wellness News. DNA Activation seems to be a catchall phrase.

"DNA Activation and how to use it"

"DNA Activation and the future of energetic medicine"

"DNA Activation and ultimate healing"

"DNA Activation: the fountain of youth"

Use any of the many benefits of DNA activation in advertising.

*5. Focus on what makes your business stand apart from others.

- "Theta" healing, I tell people about the powerful energy generated when working in a state of "theta" versus "alpha".

- DNA activation; I tell them about the ways it boosts our immune system as well as our bodies' self-healing capabilities.

- DNA activation and Energy Interference Patterning. What makes this method so profound? Why does it elicit healing that endures versus just a temporary fix where the client becomes ill again? I stress the importance of not only locating and pulling the original vibration that caused the 'dis-ease' (and it's subsequent manifestations), but also *r e p l a c i n g* the vibration with a new vibration of unconditional love, so we do not leave a void in which 'dis-ease' or other dysfunction may re-manifest.

*6. Testimonials

Testimonials of a person's dramatic recovery or life-altering change are an essential tool in creating business success. It helps people connect on a personal and emotional level with what you're doing. It creates belief in the "unbelievable".

I was gravely ill up until last summer when I was fortunate in that I connected with the healing work of Possibilities. My recovery is a miracle that astounds people. But I consider it, and convey it, as an every day, ordinary miracle that is available to anyone who desires it through the application of Possibilities teachings. I do not consider myself, or my experience, extraordinary or exceptional. *A n y o n e* can recover with these methods if they so desire.

Well, I could go on forever but I'll leave you with this for now and just hope that something new struck a cord that will increase your business. I'll look forward to hearing from anyone who has benefited from my "Tips". Sending loving and prosperous wishes!

I'M AVAILABLE FOR 'GET A NEW BUSINESS OFF THE GROUND' TIPS

If any graduate from Possibilities classes is looking for help in starting or promoting their work/business they may contact me if they'd like. I'd be happy to share some techniques for marketing, advertising, promotion, record keeping, etc. It seems so easy once you've done it a couple of times but I remember when I first entered into a proprietorship. What a rude awakening! So I'm here if anyone needs some tips.

2. A WORD FROM ANNALIESE

Many lightworkers have been tested with illness and we are happy to report Annaliese, who was severely tested, is now recovering with speed, resuming her life, and enriching ours, once again. She has written a testimony for our website, which we include here, and she will also be contributing to our next issue with her story.

"The words "Healer heal thyself" were to take on a whole new meaning for me in the summer of 2000. I had a practice I loved, where I offered energy healing work that I had learned from the Possibilities School. I even became part of the Possibilities teaching team! When I began to experience painful, debilitating symptoms and was diagnosed with a rather rare, life-threatening autoimmune disease, I thought, This can't happen to me, I'm a healer!

In addition to competent medical care, I began to use the Possibilities techniques on myself and had overwhelming support from my friends in the Possibilities community who worked with me as well. In only a few months, my health was almost completely normal once again! I would not be where I am today healthwise had it not been for the Possibilities energy healing techniques. The power of the techniques lies in shifting the low vibration of disease into the higher vibration of health. I feel I have been reborn and I am now able to resume my life in a richer, more expansive way. I am more passionate than ever about utilizing these wonderful healing modalities!"
